The University of Tehran

Sept. 16, 2007

Dear Mojtaba Aghamohammadi

As the Dean of the College of Social Sciences at Tehran University, I would like to thank you for sharing your critically needed project, the Earth Muslims and Climate Change (EMCC) initiative, and for inviting us to collaborate with it. We would be happy to do so, as appropriate and possible.

However, as expressed in the letter by Dr. Mohammad Mousavi, Director General of our university International Relations and Research, at this point we are unable to allocate any funds for this work.

But, that does not mean that we would not be happy to do what we at the College of Social Sciences can, to assist and collaborate with this obviously urgent interdisciplinary and multi-dimensional global project, whose success will be needed if human life on our planet is to survive and prosper.

Given all the above, our colleagues and I will look forward to working with you and other colleagues around the world, as the important work of the project unfolds further.

Gholam reza. Jamshidiha(PHD)
